Section 1 - Introduction

This directory provides a list of Medica Advantage Solution (HMO-POS), Medica Advantage Solution (PPO) and Medica Group Advantage Solution (PPO)'s network providers.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. You can get all covered services on your own, without a referral. In many cases, you may also get covered services from out-of-network providers.

Out-of-network providers are under no obligation to treat Medica Advantage Solution enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Services at 1 (866) 269-6804 for Medica Advantage Solution (HMO-POS) and Medica Advantage Solution (PPO), and 1 (800) 575-2330 for Medica Group Advantage Solution, TTY users should call 711, 8 a.m. – 9 p.m. CT from Oct. 1 – March 31, 7 days a week, and from April 1 – Sept. 30, Monday – Friday. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

Medica Advantage Solution (PPO) & Medica Group Advantage Solution (PPO)

The out-of-network benefits provide access to non-contracted, Medicare-participating providers that agree to accept your plan. For assistance finding an out-of-network provider outside of our service area, please call Member Services at the number on the back of this directory.

Medicare Advantage Solution (HMO-POS) plans

The Point-of-Service (POS) benefit provides access to non-contracted, out-of-network Medicare participating providers for most Medicare-covered services. You do not need a referral to use the POS benefit.

When you receive covered services from a provider who is not part of the plan network and accepts Medicare assignment, you are only responsible for paying your share of the cost, not for the entire cost. If the provider bills you directly, please submit it first to our plan for processing and determination of how much will be your responsibility. Refer to your Evidence of Coverage and the chapter entitled "Asking us to pay our share of a bill you have received for covered medical services or drugs." Please call our Member Services number on the back of this directory with any further questions.

Primary Health System Overview

When you become a member of our plan, we encourage you to select a Primary Health System (PHS) from which you receive care or anticipate to receive care. A Primary Health System is a group of in-network providers that will assist you in managing your total health whether this relates to preventive care, identifying the cause of a new symptom, or to help you manage multiple chronic conditions.

Your Provider Directory tells you which providers are affiliated with each PHS. Your selection of a Primary Health System does not limit you from receiving care from other network providers. You do not need a referral from your Primary Health System to see any in- or out-of-network provider. If you do not wish to choose a PHS or if your in-network provider is not part of a PHS, you may choose "Unassigned" as your PHS.

Emergency, Urgently Needed Care, Renal Dialysis

Emergency care, urgently needed care, and out-of-service-area renal (kidney) dialysis are required under the Medicare program to be covered at in-network cost sharing levels for both in-network and out-of-network providers.

Emergency care: Emergency care can always be obtained in or out of the service area from the nearest available provider, including outside the United States and its territories through the worldwide emergency care supplemental benefit with applicable cost share.

Urgently needed care: We will cover urgently needed care that you receive from any Medicare participating provider.

Renal dialysis: When out of the service area, you can obtain dialysis treatment from any qualified dialysis provider at the in-network cost sharing level.

With the exception of emergencies, it may cost more to get care from out-of-network providers. Out-of-network/non-contracted providers are under no obligation to treat Medica plan members, except in emergency situations. Please call Member Services at the number on the back of this directory or see your Evidence of Coverage for more information, including the cost-sharing that applies to out of network services.
